Policy Updated: July 18th, 2025

Richco's Breaktime Policy and Procedures
On-Site Hourly Employees

Purpose

Our Richco Breaktime Policy describes our guidelines for breaktimes which are governed by the labor laws of Florida. It should be read in conjunction with your employee handbook as both documents form part of your terms and conditions of employment.

Richco's Obligations to Hourly Employees

All hourly employees are paid for every hour worked at your place of work.

- For example: If you are working at Universal Studios, you get paid from when you arrive at the job location and until you complete your work at this job location.

- Warehouse Location – if you are meeting at the warehouse and you engage in any work duties (e.g. loading materials, having pre-start meetings etc.) this is classed as your starting point from when you get paid.

- If you are meeting at the warehouse (just to share a ride into the working location) – this is not classed as "working" – as this is your travel time to/from your working location. Therefore, you only get paid from your working location (at Universal Studios for example). This also applied to the return trip – if you are just sharing a ride.

Notes

- If brief you must be in a work capacity to log your hours and get paid for these hours. Richco is obligated to pay for every hour that is worked.
- You must use the Monday app at the beginning of your shift.
- You must take a photo showing the location where you are and a screenshot of your phone showing the time / date of your clock-in and clock-out. These photos must be uploaded and included in your update on the Monday app.

Policy Updated: July 18th, 2025

Break Times

It is recommended by OSHA that all employees take a 30-minute break every 4 hours to reduce issues of fatigue. Therefore, our policies for breaks are outlined below:

Night-time Shift:

- Allocated a 30-minute break during your 8.5-hour shift. The break time must be pre-agreed with your team leader / management at what time this can be taken (at the beginning of the shift).
- We do not have to provide a break room, and you do not need to leave the place of work (e.g. leave the Universal premises).
- This 30 minute includes the entire break (nothing additional other than the 30 minutes of breaktime).

Day-Time Shift

- Allocated a 60-minute break during your 9-hour shift. The break time must be pre–agreed with your team leader / management at what time this can be taken (at the beginning of the shift).
- We do not have to provide a break room, and you do not need to leave the place of work (e.g. leave the Universal premises).
- This 60-minute break includes the entire break (nothing additional other than the 60 minutes of breaktime).
- The breaktime can be broken into 2x 30 minutes breaks throughout your shift, however, the times of your breaks must be pre-agreed with your team leader / management at the beginning of your shift.

Notes

Daytime shift has a longer break time – due to working in higher temperatures (than at night). It is important that you regulate your body for rest and re-hydration during the day-time shift. All breaks are taken unpaid, and the breaks are mandatory as part of Richco's policies and procedures.

Employee Initials: _____

Nighttime Shift

Nighttime shift can be any hours between 6pm – 9am (and is based on an 8.5-hour shift with 30-minute break). Any additional hours worked over and above the initial 8.5-hour shift will need to take an additional 30-minute break (for every 4 hours worked thereafter).

For an example if you completed a 12-hour Nighttime shift you will need to take 2x 30-minute breaks during this shift. All breaktimes are unpaid, but mandatory to stay in accordance with OSHA regulations.

Daytime Shift

Daytime Shift can be any hours between 6am – 9pm (and is based on a 9-hour shift with 60-minute break). Any additional hours worked over and above the initial 9-hour shift will need to take an additional 30-minute break (for every 4 hours worked thereafter). For an example if you complete a 12-hour Daytime shift you will need to take 3x 30-minute breaks during this shift. All breaktimes are unpaid, but mandatory to stay in accordance with OSHA regulations.

Procedures of Breaktime

- The times of your breaks must be pre-agreed with your team leader / management at the beginning of your shift.
- You must take a screenshot of the time at the beginning and end of your break. These photos must also be uploaded onto your update on Monday app. This must clearly show the date and time of the breaks (start and finish time).
- You will automatically have your break time removed from any shift – as breaktimes are mandatory.
- Additional times taken (over and above the allocation outlined above for breaks) are unpaid.

Employee Initials: _____

Other Breaktime Items:

Smoking / Vaping

As outlined in our Richco Employee Handbook:

Richco operates a strict NO SMOKING / NO VAPING POLICY. Smoking / Vaping on Company premises or company vehicles is strictly prohibited. Smoking / Vaping at the premises of any given project or client premises is also strictly prohibited (regardless of the smoking / vaping policy onsite) – therefore there is strictly NO SMOKING / NO VAPING ONSITE for Richco employees. Employees who do not comply with the no-smoking / no-vaping policy will be removed from the site with immediate effect which will result in instant dismissal – NO EXCEPTION.

Alcohol / Drugs

As outlined in our Richco Employee Handbook:

Alcohol / Drugs The consumption of alcohol is not permitted at any time during working hours. No employee should report to work while under the influence of alcohol. Breach of this policy will amount to gross misconduct which will result in instant dismissal. The use of drugs is strictly not permitted. Random drug testing can be carried out by the employee and if the results are positive it will result in instant dismissal.

Weather

During in climate weather conditions (e.g. rain) whilst working on an exterior project Richco are not legally obligated to pay hourly (non-exempt) employees for time they don't work due to weather-related issues. The Fair Labor Standards Act (FLSA) only requires payment for hours worked.

Restroom Breaks

As per OSHA guidelines, all restrooms within our project locations are accessible to all workers. At NO stage is it permittable for workers to relieve themselves in a non-restroom location.

Short breaks (for restroom breaks) are paid for and do not form a part of your allocated unpaid breaktime.

Excessive Restroom Breaks.
Employees should not take excessive time for bathroom breaks. What is considered "excessive" can vary based on individual needs like fluid intake or medical conditions. If an employer believes an employee is taking excessive restroom breaks, Richco will review and document patterns with each individual employee and create a management break schedule with that individual. If there is a medical condition that requires additional restroom breaks this needs to be addressed with your team leader/ manager.

Access to Drinking Water

As per OSHA guidelines Richco always ensures that safe drinking water is always readily available and accessible to all employees.

Warehouse / Office Location
Drinking water is available at drinking fountains for additional filtered water in designated areas.

Work Locations – Theme Parks
Drinking water is readily available in the following locations:

- Drinking Fountains
- Vending Machines (Are free for water)
- Cafeteria (Free drinking water).
- Bottled water is typically collected and brought to site and located in the back of the trucks (by the nominated person re-fueling the trucks). At this time, you can request ice to be placed in the coolers to keep the water cold.

Employee Initials: _____

Cell Phone Use

Richco has the right to regulate or prohibit cell phone use during work hours. Employees can use their phones during breaks, but during working times employees MUST be giving their undivided attention to the work task in hand. Therefore, this is a discretionary note that Richco does not accept excessive cell phone use for personal use (which includes personal calls, personal text messaging or social media use etc.).

However, it is important that we give access to our employees to their personal cell phone device in case of family emergencies. Therefore, all cell phone use should be kept to a minimum.

The use of cell phones whilst operating any equipment or machinery is strictly prohibited.

If Richco believes an employee has excessive cell phone usage during working hours – Richco will review and document patterns with each individual employee which will be address on a per employee basis.

Discrimination in Providing Breaks

Richco does not discriminate to any employee taking breaks on factors such as job role, race, gender, religion or age.

Acknowledgement

I, _____confirm that I have read and understand Richco's Breaktime Policy and Procedures and accept that it forms part of my terms and conditions of employment.
